PROFESSIONAL SUMMARY

Business Process & Data Analyst specializing in analytics automation, scalable reporting systems, and operational intelligence within enterprise healthcare finance. Experienced in replacing manual workflows with automated data pipelines, building executive-level dashboards, and translating complex data into decision-driving insight. Proven record of self-initiated analysis that identifies financial risk and drives measurable process improvement. Strong foundation in SQL, R, Python, and DuckDB with a focus on financial accuracy, audit readiness, and cross-functional operational impact.

SKILLS

Programming & Data: SQL • R • Python • R Markdown / Quarto • DuckDB • Data Modeling • Statistical Analysis • ETL Concepts
Analytics & Visualization: Dashboard Design • KPI Development • Data Storytelling • Executive Reporting • Tableau • Power BI • Advanced Excel (Power Query, XLOOKUP, Pivot Tables)
Automation & Systems: Automated Reporting Pipelines • Workflow Optimization • Process Controls • Audit Analytics • One-Click Reporting Systems
Domain Expertise: Revenue Cycle Analytics • Credit Balances • Medicaid AR • Payer Analytics • Operational Productivity

EXPERIENCE

Encompass Health / Business Process Analyst II

Dec 2025 - Present | Tampa, FL

- Self-initiated a due diligence review process identifying and clearing hundreds of thousands of dollars in stalled worklist balances; fully automated with daily distribution and zero calculation errors confirmed on review.
- Built automated R / R Markdown reporting pipelines replacing manual workflows, reducing turnaround time and eliminating recurring errors across multiple operational reports.
- Led development of enterprise Credit Balance operational report analyzing inventory, dollars, compliance, team productivity, payer mix, and aging — adopted as the department-wide reporting standard.
- Developed comprehensive Medicaid analytics suite (dashboard + HTML reports) enabling ongoing leadership monitoring of inventory, payments, productivity, and payer-level performance.
- Centralized daily reporting environment using DuckDB, enabling automated refresh and expanded cross-report visibility into operational workload.
- Designed cash posting document management process and audit framework; delivered cross-functional training to stakeholders and established ongoing audit oversight of team postings.
- Introduced Executive Summary + KPI Box reporting format adopted as the department-wide standard across leadership reporting.
- Presented analytical findings to cross-functional audiences of 100+ attendees; recognized by directors for clarity, design, and communication strength.

Encompass Health / Accounts Receivable Analyst III

May 2025 - Dec 2025 | Tampa, FL

- Led duplicate payment analytics initiative identifying \$3.62M in overpayments with ~99% validation accuracy.
- Performed root-cause analysis (delayed postings 60%, automatic errors 28%, cash posting errors 12%) driving process changes that reduced duplicate payments ~60% month-over-month.
- Built SQL and Excel-based reporting to analyze high-volume payer, billing, and denial data.
- Delivered operational and variance reporting to leadership supporting decision-making and process improvements.
- Partnered cross-functionally to improve data accuracy, workflows, and audit controls.

Encompass Health / Accounting Assistant

Aug 2024 - May 2025 | Tampa, FL

- Managed payment allocation and reconciliation across 15 hospitals in a high-volume environment.
- Supported month-end close through journal entries, reconciliations, and reporting.
- Investigated and resolved high-dollar discrepancies, improving financial accuracy and revenue tracking.

Vegas Golf the Game / Data Analyst / Strategic Planner

May 2021 - Apr 2024 | Port St. Lucie, FL

- Conducted financial and performance analysis to support strategic growth initiatives.
- Built forecasting models to guide operational and cash flow decisions.
- Developed data-driven marketing strategies to improve customer engagement and revenue.

The BA Fund / Commercial Loan Broker

Aug 2017 - May 2021 | Stuart, FL

- Analyzed client financials and business performance to structure commercial lending solutions.
- Managed deal pipeline from prospecting through underwriting and closing.
